PROFESSIONAL EXPERIENCE

-
- April 2021 – ongoing **Specialist in Endocrinology and Diabetology** at Hospital of Borgomanero (ASL NO)
- December 2019 – March 2021 **Specialist in Endocrinology** at Cidimu S.p.A.
- December 2019 – ongoing **Specialist in Endocrinologist** at Genea Biomed
- May 2017 – October 2019 **Sub-investigator for Novartis Clinical Trial ACRONIS Study**
An Open-label, Multi-center, Expanded Treatment Protocol of Pasireotide LAR in Patients with Acromegaly (ACCESS), Policlinico A. Gemelli, Catholic University of the Sacred Heart, Rome
- December 2016 – October 2019 **Sub-investigator for Clinical Trial OOC-ACM-302 MPOWERED**
Comparison of Oral Octreotide Capsules to Injectable Somatostatin Analogs in Acromegaly (MPOWERED), Policlinico A. Gemelli, Catholic University of the Sacred Heart, Rome
- November 2016 – June 2019 **Sub-investigator for Ipsen Clinical Trial SAGIT Study NCT02231593**
SAGIT for Classification of Patients with Acromegaly in Clinical Practice
Policlinico A. Gemelli, Catholic University of the Sacred Heart, Rome
- November 2015 – October 2019 **Endocrinologist in training** at the Division of Endocrinology and Metabolism, Policlinico A. Gemelli, Catholic University of the Sacred Heart, Rome (Prof Alfredo Pontecorvi)
- April 2015 – July 2015 **Medical Doctor** at the Division of Endocrinology, Diabetology and Metabolism AOU “City of Health and Science”, Turin (Prof Ezio Ghigo)
- January 2014 – March 2015 **Visiting Student** at the Division of Endocrinology, Diabetology and Metabolism AOU “City of Health and Science”, Turin (Prof Ezio Ghigo)

EDUCATION AND TRAINING

October 2020 – ongoing **Ph.D. Student in Medical Physiopathology**, Department of Medical Science, University of Turin

May 2020 – September 2020 **Research fellowship**, Department of Medical Science, University of Turin

21 October 2019 **Specialist in Endocrinology and Metabolic Diseases**
 Catholic University of the Sacred Heart, Rome
 Final score: 50/50 cum laude
 Tutor: Prof. Alfredo Pontecorvi
 Thesis entitled: Valutazione dell'espressione del recettore estrogenico α , della galectina 3 e del sottotipo 2 del recettore della somatostatina negli adenomi ipofisari PRL-secrenti: correlazione con i fattori prognostici di aggressività tumorale.

19 March 2015 **M.D. Degree**
 University of Turin, San Luigi Gonzaga.
 Final score: 110/110 cum laude
 Tutor: Prof. Mauro Maccario
 Thesis entitled: Feocromocitoma surrenalico ed extrasurrenalico: analisi della casistica dell'ultimo decennio dell'Azienda Ospedaliera "Città della Salute" di Torino e studio dei predittori clinici e istopatologici di comportamento aggressivo

PERSONAL SKILLS
