• **PRESENTATION OF PAPERS, POSTER, GIVEN SPEECHES AT CONFERENCES AND SEMINARS (if applicable)**

- 10/10/2020 Solamente una pielonefrite?. Congresso Interregionale SIIA (Piemonte, Liguria, Valle d’Aosta), Turin, Italy
- 09/12/2019 The European/International FMD Registry: lessons learnt from the first thousand patients. Fibromuscular Dysplasia International Symposium, Department of Nephrology/University of Zagreb, Zagreb, Croatia
- 06/11/2019 Focus on pregnancy-related complications of FMD. Second International Symposium on Dysplasia & Related Vascular Diseases, Institution of Cardiology, Warsaw, Poland
- 28/09/2019 Caratteristiche generali e psicologiche di una coorte di pazienti con ipertensione resistente: studio multicentrico. XXXVI Congresso Nazionale della Società Italiana dell’Ipertensione Arteriosa, Rome, Italy
- 24/06/2019 The European/International Fibromuscular Dysplasia Registry: main findings in the first thousand patients. 29th European Meeting on Hypertension and Cardiovascular Protection, ESH, Milan, Italy
- 24/06/2019 Prevalence and nature of pregnancy-related complications in patients with Fibromuscular Dysplasia in the European/International Registry. 29th European Meeting on Hypertension and Cardiovascular Protection, ESH, Milan, Italy
- 24/06/2019 Distinctive features of patients diagnosed with fibromuscular dysplasia at an older age: a report from the European/International FMD Registry, 29th European Meeting on Hypertension and Cardiovascular Protection, ESH, Milan, Italy
- 24/06/2019 Predictors of eventual blood pressure control in patients with resistant hypertension after intensive management in two expert centres: the Brussels-Torino experience. 29th European Meeting on Hypertension and Cardiovascular Protection, ESH, Milan, Italy
- 23/06/2019 Distinctive features of patients diagnosed with fibromuscular dysplasia at an older age: a report from the European/International FMD Registry. 29th European Meeting on Hypertension and Cardiovascular Protection, ESH, Milan, Italy
- 23/06/2019 When to search for cerebrovascular lesions in patients with renal artery Fibromuscular Dysplasia: hints from the ARCADIA-POL study. 29th European Meeting on Hypertension and Cardiovascular Protection, ESH, Milan, Italy

- 22/06/2019 Comparison of Automated Office Blood Pressure with Office and Out-of-Office measurement techniques: a systematic review and meta-analysis. 29th European Meeting on Hypertension and Cardiovascular Protection, ESH, Milan, Italy
- 22/06/2019 How good are physicians at measuring blood pressure in dialysis? Patient's versus physicians' and nurses' view. 29th European Meeting on Hypertension and Cardiovascular Protection, ESH, Milan, Italy
- 08/12/2018 Complications of pregnancy in patients with Fibromuscular Dysplasia. Fellows of hypertension – Belgian Hypertension Committee, Dworp, Belgium.
- 06/10/2018 European Fibromuscular Dysplasia Registry and Belgian multicenter cohort (BEL-FMD): results of the first 609 patients. BHC Scientific Meeting, Bruxelles, Belgium
- 28/09/2018 Confronto tra AOBP e metodiche di misurazione della pressione arteriosa Office e Out-of-Office: studio metanalitico. XXXV Congresso Nazionale della Società Italiana dell'Ipertensione Arteriosa, Rome, Italy
- 28/09/2018 Valutazione di un programma di screening non-medico eseguito nelle farmacie di comunità per l'ipertensione e il rischio cardiovascolare. XXXV Congresso Nazionale della Società Italiana dell'Ipertensione Arteriosa, Rome, Italy
- 10/06/2018 Nurse-OBP: a nursing standardized method for measuring blood pressure. 28th European Meeting on Hypertension and Cardiovascular Protection, ESH, Barcelona, Spain
- 11/06/2018 Effect of different blood pressure targets and measurement methods on prevalence of controlled hypertension: the impact of the 2017 ACC/AHA blood pressure guidelines. 28th European Meeting on Hypertension and Cardiovascular Protection, ESH, Barcelona, Spain
- 19/05/2018 Ipertensione mascherata. Congresso Interregionale SIIA (Piemonte, Liguria, Valle d'Aosta), Turin, Italy
- 07/10/2017 Metanalisi di 11 studi con gruppo di controllo sull'efficacia antiipertensiva della denervazione renale nell'ipertensione resistente. XXXIV Congresso Nazionale della Società Italiana dell'Ipertensione Arteriosa, Milan, Italy
- 06/10/2017 Valutazione delle conoscenze sull'ipertensione arteriosa prima e dopo training formativo breve in un campione di farmacisti. Il Progetto Zero. XXXIV Congresso Nazionale della Società Italiana dell'Ipertensione Arteriosa, Milan, Italy

- **LANGUAGE SKILLS**

Native speaker: Italian

Other language(s): English, excellent/C1, Preliminary English Test (PET)

French, very good/B2, Diplome d'études en langue française (DELFL)
